Eco- Friendly Pens & Pencils

eco-friendly STATIONERY CATALOGUE

All our products come with:

- **Planting instructions**
- **Impact statement**
- **Seed certification**
- **Germination validity period**

PLANTING INSTRUCTIONS

Prepare moist soil with manure. Plant the pencil/pen seed side down. Give it some sunlight, water and love to welcome your plant in 5-10 days!

The seeds used in these pens/pencils, are certified by National Seeds Corporation of India, GOI undertaking, adhering to the INDIAN SEEDS ACT - 1966

Germination best before:
(1 year from seed purchase)

YOUR IMPACT

With over 4 crore disposable plastic ball pens and wooden pencils being made in India everyday, the stationery industry is a big contributor to environmental pollution.

These carbon negative products are an attempt to reduce plastic waste and deforestation, while also letting you grow some plants in an easy and fun manner.

Applicable for all mentioned rates:

- Freight charges extra as per actuals
- Customisation charges extra
- Payment terms: 100% advance

MINI NOTEPAD

3x4.5

60 natural shade pages
Plantable cover

Meet your Plantable
Pocket Companion.

Befriend it to pen your
wildest thoughts and most
creative ideas. And when
you feel like doing some
good to the world, cut a
section of the cover and
make it meet some soil.

For best results, soak it in
water for 5-10 days till it
sprouts. Then plant the
sprouted paper under half
inch of soil and give water
and sunlight to see it grow.

Meet the
PLANTABLE
NOTEBOOK
